Description

Circa 1900 this is the second of our fine quality gas table lamps converted to electricity, and this one weighs 2.6kgs. The lamp measures 39cm in height and has a base of 17.5cm in diameter and was rewired by the previous owner and requires an up to date PAT before use. The electric cable goes through the side of the column where the gas tap would have been - see photo 3. We can supply a stick-on felt base to protect furniture if required, please ask. Postage and packing is included in the price for UK mainland only and for remote areas or abroad please contact us for a delivery quote.
