Description

A stunning English vintage solid brass fireplace fender with upholstered leather seats, which I would date from around the 1910-1920's period. It is a great size and is extremely well made. The solid brass frame has some minor surface wear and patina acquired over the years. We have recently had the seats re-upholstered in leather and hand coloured to a gorgeous light antique brown. It is in great overall condition, this is a very stylish and functional vintage piece. Width – 56 inches , 143 cm Depth – 14 inches , 36 cm Height – 18 inches , 46 cm
