Description

Gents 9ct gold Cyma wrist watch, 1954. The watch has a signed Swiss 17-jewel hand-winding movement which is working nicely. The watch measures 32mm diameter excluding the winding crown and the lugs. The case is 9 carat gold and there are hallmarks inside the case back for London 1954 together with the Cyma name. The watch has a handsome stepped case which is in good condition, just one small "ding" towards the edge of the case back. The lens is in lovely condition. The signed dial is in its original finish. The minute hand is a period replacement. A new leather strap has been fitted. The watch comes in a Cyma presentation box.
