Description

Fine quality pair of large late 19th century Japanese bronze vases, c1890. They are well cast and beautifully decorated with central panels depicting birds, Cranes, foliage etc. The panels have the same image but facing the opposite direction so they are a true pair. In addition to the large panels literally every inch is covered in detailed decoration. The vases have stylised snake handles and character marks to the base. Both are a great colour and condition is good with no obvious defects. Please refer to the detailed photographs and feel free to contact me if you would like to view the item or have any questions. Price includes FREE UK delivery. I will happily deliver worldwide but please contact me for a bespoke quote for your Country. Size: 31cm tall x 13 cm diameter, combined weight 2.3 kg .
