Height = 35 cm (13.8")

Width = 25 cm (9.8")

Depth = 18 cm (7.1")

Description

A quality late Victorian bracket clock by the World famous maker WINTERHALDER & HOFFMEIRE. The 8 day movement strikes the quarter hours with a double "ting-tang" strike and the number of hours on a separate coiled gong. It has just been fully serviced by our BHI registered staff and carries our usual 12mths full parts and labour guarantee. The arched brass dial has a silvered, engraved chapter ring with engraved Roman numerals, a matted centre and gilded spandrels. There is a subsidiary rise and fall dial to the arch. The oak case retains its original french-polished finish with a lovely, age related patina. It has gilded, arched sound frets to the sides and gilded caryatids to the canted corners and a caddy top with gilded finial. It stands on splayed bracket feet. A real quality clock.
