Description

Currently one of our favourite gents wrist watches we have listed at the moment. We've had and currently still do have an extensive selection of Art Deco clocks by Jaz, this is the first watch and it doesn't let the maker down, not only does it look the part but also keeps excellent time. We've given the watch a light service and it's running strong and keeping good time. Large dial face encased in a steel backed and chrome case, the Arabic black numerals with sub numerals in red indicating the 24 hour clock is a delight and looks perfect against the cream face. The glass crystal is unscratched. A new black leather strap has been added. This stylish timepiece is perfect both for everyday wear and for adding to the collections. A lovely watch any gentleman would be proud to wear. The case back is free of any engravings, shows no wear-through to the plating. All of our watches are sent out in complimentary presentation boxes, ideal for gifting and to store for personal collections.
