Description

A substantial ebonised and brass monocular microscope, model no. 58533, by Spencer, Buffalo, USA, circa. 1920-1925. The microscope is housed in its original fitted wooden case with a working lock and key. The microscope has a retailer's label for 'Belcher & Mason Ltd, Birmingham, England'. All lenses are intact and the microscope is in working order. The microscope comes with a selection of four additional Spencer lenses, however one of the lenses has been historically placed in too tall a hole and is stuck fast in the case (far rear left lens in photograph). DIMENSIONS Microscope:- Height: 28cm Width: 11cm Depth: 15cm Weight: 3.7kg Case:- Height: 23cm Width: 17cm Depth: 21cm Weight: 2.5cm DELIVERY UK Mainland: FREE International Delivery: Please contact us for a no obligation delivery quote.
