Item Reference: SA837149

Date of manufacture: Georgian

Dimensions

Height = 38 cm (15.0")

Width = 42 cm (16.5")

Depth = 30 cm (11.8")

Description

Lovely Georgian mahogany and brass peat bucket, circa 1820. This bucket has its original brass liner and handles. It is known as a peat bucket because of its height and boat-like shape. Peat buckets were designed to carry fuel, such as coal, from room to room and were designed to sit by a fireplace. They were originally designed in Ireland. Today, this bucket would make for a very stylish waste paper bin or planter.
