

SA837151

Club fender

Price

Sold**Item Reference: SA837151****Date of manufacture: 1890**

Description

This is a late Victorian brass and leather club fender in very good condition. Square and barley twisted uprights holding up the seating areas. It is 5 feet 3 inches wide, 20 inches high, 21 inches deep, 25 inches between the seats. This is a very nice and pleasing to the eye fender and ready for use. Circa 1880/1900.

Internal Ref: split top club fender
