Description

A particularly nice (in my opinion) corner washstand . It is very elegant with interestingly designed legs that don't splay out at the bottom (which is a really good feature as you don't trip over them!) It has pretty little plate handles. The original top is still in situ The full height at the back is 119cm The height to the top is 85cm. The distance out from the corner to the edge is 38. The distance from the corner to the front of the bow is 36cm
