Description

A beautiful and unusual antique early Victorian period tilt top table in mahogany. This was made in England, it dates from around the 1840-1860's. It has a lovely solid mahogany oval top and sits on a finely carved tripod base with a central octagonal column. This is a great size to be used as a centre table in a large hall or as a small dining / breakfast table. We have recently had this re-polished, it is in excellent condition for its age. There is just one historical repair to one of the feet, seen in the images. Width – 48 inches , 122 cm Depth – 36 inches , 92 cm Height – 28 inches , 71 cm
