Description

Figured and burr Walnut timepiece of small size with 10" dial. Firstly, the colour and patination of this piece is exceptional! The slightly bowed sides always a good sign. The hood with moulded top in short grain, over glazed door, flanked with two spiral columns, with two quarter columns at the back. The trunk door bordered with short grain moulding, over base with fielded panel and cross-banded, over serpentine feet. The case now housing a matched movement from similar period. The 25 day movement with tapered plates fronted by a 10" brass dial engraved with swifts, and a chapter ring with Roman numerals and Arabic outers. This being a very desirable small size which will go anywhere and being figured and burr walnut will fit in and surroundings! Fully serviced with one year guarantee.
