

SA839773

1930s Sackville pocket watch, General Watch Co

Price

Sold**Item Reference: SA839773****Date of manufacture: 1930**

Description

1930s Sackville pocket watch from the General Watch Company. The watch has a 15-jewel (two adjustments) stem-winding movement which is working nicely. The watch measures 46mm diameter excluding the winding stem and the loop. The case is rolled gold and is in good condition, just minor marking, nothing serious at all. The inside of the case back is stamped CLB, a mark used by the General Watch Company. The glass lens is in good condition. The signed dial is in its original finish with original blued steel hands, a subsidiary seconds dial and outer minute track. The dial has darkened with age but is still very easy to read. The watch comes in a new presentation box.
