Antique Vienna Carriage Clock with Quarter Repeating, Alarm, and Fusee Movement With a Fire Gold Plated Case

Price

Sold**Item Reference: SA841304****Date of manufacture: 18th Century**

Description

Antique Vienna Carriage Clock with Quarter Repeating, Alarm, and Fusee Movement With a Fire Gold Plated Case. This superb antique Vienna carriage clock has a fire gold plated case with a beautiful engine turned pattern all over. The top is then shaped with a shaped, fire gold plated handle. Each edge of the body of the case is then finished by a patterned, fire gold plated moulding. The base then steps out with a further moulding to the bottom as well as four stunning, shaped and gnarled feet which set it off beautifully. Finally there is a wonderful shaped mount to the front of the case. The dial is then gilt also with a stunning engine turned centre as well as a beautiful patterned surround. It is set out in black Roman numerals with thin dashed to the outside marking the minutes. The dial then has three lovely shaped hands (for the minutes, hour, and to set the alarm) and a round bevelled glass set into a shaped bezel. Finally the dial is signed "ROHR IN PEST" to the bottom. The movement is then wound from the front and accessed from the back. It is ticking away via a balance wheel as well as chiming both the quarter past, half past, quarter to and the hour via ...
