Description

A stunning pair of antique French style kidney shaped side tables, dating from around the 1930's period. The quality is superb, with gorgeous marble tops and high quality gilt brass mounts throughout. They have beautifully painted plaques on the drawer fronts, and the wood is a combination of mahogany and satin wood. These are beautifully finished on all sides so can be used as free standing tables in the middle of a room. they would be ideal as lamp tables either side of a sofa or even as bedside tables. We have recently had these revived and re-polished, the condition is very good for their age with only some extremely minor wear here and there.
