Description

This is a superb quality Antique regency period writing table. This would make an ideal office desk and in superb condition for an antique of its age. Dates to around 1820. Two concealed drawers one on each side. The figuring to the rosewood is stunning and really sets this piece apart from others. Especially as well with how finely carved the pedestal supports are. The scroll feet conceal small brass casters as well. Just a wonderful example of an antique desk. Height 74cm Width 137cm Depth 70cm Price includes UK mainland delivery
