Description

Antique silver Waltham Riverside pocket watch and chain. The watch has a stem-winding movement, 15-jewel Riverside grade, which is working nicely. The movement has screw set jewels, Breguet hairspring for enhanced precision and a short tadpole patent regulator. The movement is fully signed and the serial number 6,517,533 dates it back to the mid 1890s. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the two case backs for Birmingham 1895 with a sponsor's mark for Alfred Bedford, Manager of Waltham UK. The case is in good condition, just the odd minor mark but nothing too serious at all. The back of the watch has elaborate initials. The acrylic lens has light surface marks, nothing too serious. The signed dial has original blued steel hands, a subsidiary seconds dial and an outer minute track. There is a scratch between 8 and 9 but not too obvious to the naked eye. The watch comes with a single chain, 31cm long including the T-bar and the clasp. The T-bar and the clasp are hallmarked for 1898 with a maker's mark for Henry Williamson. ...
