Description

A top quality, matching set of eight carver chairs that would look amazing in a traditional home or boardroom. The chairs have beech and ash frames with rush seat seats & are in mint condition. The chairs are made in the Lancashire style and have spindle turned backs, feet, and stretchers. It is very unusual to find this many matching carver chairs as opposed to dining chairs which makes them highly desirable. They are very well constructed and would look wonderful with a solid oak table. Make them yours today! Seat height 49cm
