Description

This is a very heavy etched glass & ormolu dressing table jar. A beautiful French 19th century dressing table bottle. The Etching around all sides is lovely the edges are faceted and it has the original stopper. On the base there is a makers mark of a E & C with a flower in between. There are one or two bubbles in the glass and stopper. There is a little bit of discolouration to the inside of the lid, please see the photograph, I have not attempted to clean this off. There are some very very minor nibbles to the stopper which will have occurred through use. H 12.5 W 7 cm
