

SA847209

Gents 1966 Seiko automatic wrist watch

Price

Sold**Item Reference: SA847209****Date of manufacture: 1960**

Description

Gents 1966 Seiko automatic wrist watch. The watch has a 17-jewel automatic movement which is working nicely. The watch is a good wearable size at 36.5mm diameter excluding the lugs. The main body of the case is gold plated while the case back is stainless steel. There is some light rubbing and light marking but not too detrimental. The lens is in lovely condition. The signed dial is in its original finish with original hands, seconds sweep and date display (an early form of quickset where the hands are repeatedly moved backwards and forwards between 12 midnight and 9pm until the desired date is reached). A new leather strap has been fitted. The watch comes in a new presentation box.
