An excellent original William IV period writing table in mahogany. This was made in England, it dates from around the 1840-1860 period. The quality is amazing, this has very strong and beautifully carved legs and beautiful overall design. There are lovely turned mahogany handles, a nicely moulded top edge and a gorgeous inset gold tooled leather top. We have recently had this re-polished, it is in fantastic condition for its age. There is some minor wear and various small bumps and marks here and there under the polish. All normal patina and character for a desk this age.
