

SA848710

Waltham Traveler full hunter pocket watch, 1905.

Price

Sold

Item Reference: SA848710

Date of manufacture: 1900

Description

Waltham Traveler full hunter pocket watch, 1905. The watch has a 7-jewel stem-winding movement, Traveler grade, which is working nicely. The movement is fully signed and the serial number 14,690,320 dates it back to 1905. The movement is protected by an inner hinged cover which has some surface marking but nothing too serious. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and was made by the English case manufacturer Dennisons, the company supplied the majority of cases for Waltham UK. The case is in good condition, just light surface marking and a little rubbing to the side. The case back opens further than the usual 90 degrees. The winding crown pushes in to open the front cover. The acrylic lens is in good condition. The dial is in good condition and has blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
