

SA848728**1920s Swiss pocket watch.**

Price

Sold**Item Reference: SA848728****Date of manufacture: 1920**

Description

1920s Swiss pocket watch. The watch has a good quality 17 jewel Swiss hand-winding movement, which is working well. The movement is protected by an inner hinged cover. The watch measures 50.8mm diameter excluding the winding stem and the loop. The case is gold plated and was made by the Illinois Watch Case Company. The case has light surface marking from use and a mild bruise to the back. The plated finish has light wear to the outer edge of the back but overall it is in nice condition for a 100 year old watch. The movement is protected by an inner hinged cover. The acrylic lens is in nice condition. The white enamel dial has a very faint hairline crack between 11 & 12 but otherwise it is in nice condition with original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
