Description

Gents antique silver Marvin trench watch, 1915. The watch has a Swiss hand-winding movement, identified as by Marvin, which is working nicely. The watch measures 34.5mm diameter excluding the winding crown and the lugs. The case is silver and there are hallmarks inside the hinged case back for Glasgow 1915. The front of the watch is in good condition while the hinged case back has unevenness. The lens has light marks but is very acceptable. The dial is in good condition with original hands, subsidiary seconds dial and outer minute markers. Originally there would have been painted detail to the numbers and hands but this has been removed over the years. A new leather strap has been fitted. The watch comes in a new presentation box.
