Description

A lovely antique Victorian leather top desk in mahogany. This was made in England, it dates from the 1860-1880's. It has a beautiful design and is a very useful size, not too imposing while offering lots of work space. The pedestals sit on plinth bases with casters, there are original handles and a fine quality inset green leather top. The back is also beautifully finished so this can be used as a free standing item. It breaks down into three pieces for ease of transport. This is in excellent condition for its age, having recently been re-polished. There is just some minor old wear and little bumps here and there, commensurate for age. Width – 47 inches , 120 cm Depth – 24 inches , 60 cm Height – 28 inches , 71 cm Knee height – 23 inches , 58 cm Knee width – 21 inches , 55 cm
