Description

Antique Satisfaction full hunter pocket watch. The watch has a good quality 15-jewel (two adjustments) stem-winding movement which is working nicely. The plates are nicely patterned with a perlée finish, and the movement is signed with the Satisfaction name, together with the initials LTG for the manufacturer L Tièche-Gammeter who registered the Satisfaction brand name in 1909. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold plated Star model from the Dennison Watch Case Company. The case is in very nice condition. The winding crown pushes in to open the front cover. Inside, there is a glass lens which is in lovely condition. The dial is in super condition with original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
