Depth = 8 cm (3.1")

Description

A really stunning example of these ever popular wall clocks by the World renowned maker GUSTAV BECKER. The walnut and ebonised case retains it's original French-polished finish and has a beautiful, rich, warm patina. It is of "rocket" form with a book matched veneered backboard. The white enamelled dial has black Roman numerals with beautifully cut hands and a subsidiary seconds dial. It is signed with the GB logo and is free from any cracks, chips or crazing. The 8 day movement strikes on the half-hour and the hour. It has just been fully overhauled by our BHI registered staff and carries our usual 12mths full parts and labour guarantee. The brass weights and pendulum are in excellent condition and the clock comes with it's original cranked winding handle. All dimensions include finials. A spectacular example of this type of clock.
