Description

A lovely example of these ever popular wall clocks with the additional feature of playing the Westminster chime. The clock strikes on rods giving it a beautifully crisp, resonating sound. It strikes the WC tune on the quarters plus the number of hours on the hour. It is fitted with a STRIKE/SILENT facility. The oak case is beautifully polished with a lovely patina. The lower half of the fully opening door has astragal glazed bevelled glass. The 7", silvered dial has black Arabic numerals with contrasting black hands and a brass surround. The 8 day movement has just been fully serviced by our BHI registered staff and carries our usual 12mths full parts and labour guarantee. A lovely compact, quality little clock.
