Description

If you are someone that likes some possessions that might be rather flamoyant, this rococo gilt mirror will be right up your street. There is a lot of detail and in the main it is in good condition. There are a few chips and things as one might expect in an example that is well over 100 years old with this amount of detail but overall its a great looking mirror with a good glass. A rare size too. Dating from the 19th Cenrury I think it might be a long time to find a better one in this style. Will it break the bank,? hardly at this price.!
