Dimensions

Height = 34 cm (13.4")

Width = 17 cm (6.7")

Depth = 17 cm (6.7")

Description

An original, well made brass Pullman lamp in good condition, with the easily recognisable hole in one foot where it would have been attached to a table, usually in a railway carriage or ship. It measures 34cm in height in total and the three feet are approximately 17cm apart. The lamp has been rewired to UK specifications and professionally polished but not lacquered. There are no signs of damage or repair anywhere on the item. We have a selection of original glass lampshades from 1900-1930 on our website lancasterantiques.co.uk should the buyer want to match this lamp with a period shade. The gimble shade holders can be bought online. Postage and packing within the UK mainland only is included in the price and for remote areas or abroad please contact us for a delivery quote.

Internal Ref: 1674
