Revue full hunter pocket watch by Thommen

Price

Sold**Item Reference: SA853504****Date of manufacture: 1910**

Description

Revue full hunter pocket watch by Thommen. The watch has a stem-winding movement which is working nicely. The movement is signed Revue together with the initials GT for Gédéon Thommen who established Revue Thommen in 1853. The movement is protected by an inner hinged cover. The watch measures 52mm diameter excluding the winding stem and the loop. The case is gold plated and it has engine turned detail to both the front and back, along with a vacant cartouche to the front. The case has pin prick sized marks down towards the hinge but otherwise is in good condition. The winding crown pushes in to open the front cover. Inside, there is a glass lens which is in good condition. The double sunk dial has a couple of short faint hairline cracks but they are barely noticeable to the naked eye. The watch comes in a new presentation box.
