Description

An excellent antique Edwardian corner cabinet in mahogany. This was made in England, it dates from around the 1900-1910 period. The quality is great, this is very well made with a large astral glazed door on the front. It sits on bracket feet and has a nicely moulded cornice which is removable. There is plenty of storage space and this fits nicely in a corner, so doesn't take up much space. We have had this recently re-polished, the condition is very good for its age, with only some very minor wear remaining beneath the polish here and there. Width – 29 inches , 74 cm Depth back corner to front corner – 21 inches , 53 cm Depth from back corner to front middle – 17 inches , 43 cm Height – 70 inches , 177 cm
