Description

Gents 1950s Andrew wrist watch. The watch has a Swiss hand-winding movement which is working nicely. The watch measures 33mm diameter excluding the winding crown and the handsomely shaped lugs. The case is gold tone and it is in lovely condition, just the odd minor mark. The lens is in very nice condition. The dial is signed Andrew, believed to be from the importer Andrew & Co of London who registered brand names in the early 1950s. Dauphine shaped hands, a subsidiary seconds dial and outer minute markers. The watch has a 'new old stock' black leather strap. The watch comes in a new presentation box.
