Description

A beautiful and extremely well made antique burr walnut chest of drawers. This was made in England, it dates from around the 1900-1910 period. The quality is outstanding, this has gorgeous burr walnut veneers all on solid oak construction. It is a very useful size, offering lots of storage space, while taking up very little floor space. It has a bow fronted shape, sits on cabriole legs and has lovely original brass hardware. The top and drawer fronts are beautifully cross banded with fine inlaid herringbone borders. We have had this recently re-polished, it is in excellent condition for its age, with a stunning patina and plenty of character. Width – 26 inches , 66 cm Depth – 19 inches , 49 cm Height – 43 inches , 110 cm
