

SA854452

1930s Revue pocket watch and chain

Price

Sold**Item Reference: SA854452****Date of manufacture: 1930**

Description

1930s Revue pocket watch and chain. The watch has a Swiss 7-jewel stem-winding movement, identified as a Thommen Revue, which is working nicely. The movement is protected by an inner hinged dust cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is nickel. The front and sides are in good condition. The hinged case back has some unevenness. The acrylic lens is in lovely condition. The dial has a small patch of damage between 4 and 5, and a little nibbling around the subsidiary seconds dial centre but you have to look quite carefully to see it. The watch comes with a single chain, 24.5cm long including the T-bar and the clasp. The watch and chain come in a new presentation box.
