Description

Antique Waltham Bond Street pocket watch. The watch has a stem-winding movement, Bond Street grade, which is working nicely. The movement is fully signed and the serial number 13,935,197 dates it back to 1904. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold filled and was made for Waltham by the Philadelphia Watch Case Company. The front and sides of the watch are in very nice condition with attractive bead decoration. The screw-on case back has a couple of pin-prick sized "dings" and a couple of scratches towards the edge, about 1cm long. The glass lens is in lovely condition. The signed dial is in lovely condition with original blued steel hands, a subsidiary seconds dial and outer minute markers with red numerals. The watch comes in a new presentation box.
