Description

An exceptional 1930's Art Deco glass vase possibly by Karl Palda, originating from the Czech Republic and what a gem it is, It really does pack a punch being heavily decorated with the most glorious geometric decoration. Full globe shape with black and yellow enamel decoration with etched detailing. Great size and perfect piece to add to a Deco interior. High quality with beautiful detailing and no damage, just the odd minor scratch to the base (but for 90 odd years old we think that's pretty amazing). Pure class. Photographed in natural daylight.
