Description

A large and super stylish 1930's Art Deco Modernist picture frame in chrome and glass. The frame has three glass holders, allowing three photographs to be displayed. You can also have 3 photos displayed on the back too at the same time. The central frame can be tilted to different angles. These triple frames are extremely hard to find and are highly collectible. Each frame has two pieces of glass which slot into the chrome stands and allows an image to be displayed both sides of the free standing frame. Ideal size and perfect for any setting. Originates from France and dating to the 1930's. Condition and wear consistent with age and use. Some minor pitting in odd areas, only noticeable if you go searching or look closely.
