Description

A rare Irish oval wall mirror dating from the Regency period. It is in good condition throughout with a gilded and ebonised frame decorated with glass cabochons. It has the original mirror plate which has some light areas of wear but nothing detrimental. It is in good condition for its age with a planked wooden back. The mirror has undergone some sensitive restoration but we have tried to keep it as original as possible and it displays beautifully. There are some minor losses around the frame but no major damages or anything detrimental. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Nationwide delivery available through our network of reliable couriers.
