Description

This is a Victorian Pussy Oak (or Green Man as it is known in some parts) desk or bureau, the desk dates from the 19th century. The bureau is superbly carved from solid oak, it has a carved fall and gallery which has a very attractively shaped top, the drawers have carved cats faces and if you are brave enough to put your hand into their mouths they make jolly good handles, all the drawers run well. The bureau has one long drawer and three shorter drawers beneath with a cupboard at the right hand side. It has a fall front which when open is supported by long pull rests at each side of the top drawer, inside the fall there is a fitted interior with pigeon holes and drawers, the original leather is still present but it is rather worn. This is a good old piece of furniture, it is in pretty good condition there are a few minor stains on the upper surface but there is nothing structurally wrong with the piece. The desk stands 44" high, 36" wide and it is 20" deep. DELIVERY OF THIS PIECE TO ALL OF MAINLAND ENGLAND AND WALES IS INCLUDED IN THE PRICE. Delivery times vary from 7 to 28 days.
