Description

A 1920s Swiss silver pocket watch. The watch has a good quality 17 jewel Swiss stem-winding movement with snail cam regulator which is working well. The movement is protected by an inner hinged cover. The watch measures 50.6mm diameter excluding the winding stem and the loop. The case is silver and has Birmingham hallmarks for 1928 with the case makers mark for the Dennison Watch Case Company. The case is in nice condition with crisp engine turned detail to the back cover and a vacant cartouche to the centre. The case has light marking to the tab on the back where it has been opened over time. The watch glass is in lovely condition. The dial is in nice condition. The watch has its original blued steel hands. The watch comes in a new presentation box.
