Description

An Antique George V Sterling silver novelty lighter which has been designed in the shape of a "bomb" with a plain ball shaped body and an attractive flame finial on the top. The body unscrews in order to add the lighter fuel and there is a wick that threads neatly through the flame. This unusual silver lighter would make an interesting addition to a collection and could be used at the table. Height : 10.00 cms (3.90"). Diameter : 6.00 cms (2.40"). This lighter was hallmarked in Chester for 1926 by Stokes and Ireland and remains in excellent condition. Complimentary postage is included within the price.
