Description

A magnificent cocktail set which came to us as a set but started life on two different sides of the Atlantic; New York meets London! The cocktail shaker was made by the top-notch silversmith, Mappin and Webb of London and the conical shaped cocktail glasses were made by Bernhard Rice's Sons Inc. of New York. The three piece shaker has an integral ice crushing / breaking spikes in the top portion, always highly sought-after. It is fully marked for this prestigious silversmith on the underside. The six glasses are all marked on the underside for Bernhard Rice's Sons under the trade name "Apollo" EPNS (for electro-plated nickel silver) and made in the USA. Just back from our silversmith's workshop, it has been professionally cleaned and polished, restoring it to its former glory. Art Deco in era dating to c.1930's. The 3/4 pint shaker measures 3 1/4" in diameter x 7 1/2" tall with each cup measuring 2 3/8" in diameter x 2" tall. Item 43207 FREE Worldwide Registered Airmail Directly From the UK
