Description

Antique silver high grade Dimier Freres & Cie pocket watch. The watch has a nice quality 15 jewel stem-winding movement which is working nicely. The movement is signed DF&C for Dimier Freres & Cie. Dimier Freres were a watch importer / exporter based in La Chaux de Fonds, Switzerland and London. The movement is protected by an inner hinged cover. The watch measures 50.6mm diameter excluding the winding stem and the loop. The case is silver and has Birmingham hallmarks for 1919 with the case makers mark for the Dennison Watch Case Company. The case is in nice condition with just light surface marking from use and the odd mild "ding" to the back, nothing too serious. The acrylic lens is in nice condition with only the odd minor mark from use. The double sunk dial is in nice condition. The watch has rose gold coloured hands with a blued steel sub seconds hand. The watch comes in a new presentation box.
