Sold

Item Reference: SA856779

Date of manufacture: 1920

Description

A 1920s Swiss full hunter pocket watch. The watch has a high grade Swiss stem-winding movement which is working nicely. The movement is stamped 17 jewels, Swiss made and has screw set jewels and a swan neck regulator. The movement is protected by an inner hinged cover. The watch measures 50.5mm diameter excluding the winding stem and the loop. The case is 10 ct gold filled and is the Moon model made by the Dennison watch case company. The case has light surface marks from use but overall it is in nice condition for a 1920s piece. The winding crown pushes down to open the front cover. It reveals a glass lens which is in nice condition. The white double sunk enamel dial has several very faint hairline cracks although hardly noticeable to the naked eye. The watch has its original blued steel Breguet style hands. The watch will be sent in a new presentation box.
