## Description

A fabulous Edwardian silver heart pendant studded on the front with bright and sparkling old-cut paste gemstones on a fine silver chain. The heart hangs from a stone-set bail at the top, enabling the pendant to move independently for greater sparkle as it trembles in the light. In excellent antique condition, the stones are well matched with very little yellowing. Size: The heart measures 1.2cm across and the total pendant drop is 2.3cm. Chain length: 17 inches. Total weight: 3.0g. FREE INTERNATIONAL SHIPPING!
