Description

Antique Elgin full hunter pocket watch, 1921. The watch has a seven stem-winding movement, grade 290, which is working nicely. This grade was in production from 1904 until 1933. The movement has beautifully patterned plates, it is fully signed and the serial number 24,072,745 dates this particular watch back to 1921. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and it is in lovely condition. The winding crown pushes in to open the front cover. Inside, there is an acrylic lens which is in lovely condition (some reflection showing in the photos but it is just light, not cracks or scratches). The signed dial has its original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
