Description

A beautiful and extremely well made antique nest of tables in walnut. These were made in England & they date from around the 1920-30's period. The quality is exceptional, these have beautifully shaped serpentine edged tops. The cabriole legs have acanthus leaf carving on the knees, and terminate in claw and ball feet. They are solid walnut construction throughout, with stunning burr walnut veneers on the tops. We have had these re-polished to a very high standard, the condition is excellent for their age.
