Description

Antique Limit half hunter pocket watch. The watch has a seven jewel Swiss stem-winding movement which is working nicely. The movement is signed with the name Limit. Limit was an importing company based in Oldham in Lancashire, UK. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and was made by the Dennison Watch Case Company. Dennisons was a Birmingham based manufacturer who supplied various watch makers with cases. The case is in good condition, just some rubbing around the hinge, and to the edge of the back, where it has been in a pocket. The front cover has a small central lens which is surrounded by enamel filled Roman numerals. The winding crown pushes in to open the front cover. Inside, there is an acrylic lens which is in lovely condition. The signed dial is in beautiful condition with original blued steel hands, including the special half hunter hour hand so that the time can be read when the front cover is closed. The watch comes in a new presentation box.
