Description

A very nice example of an early 17thc Oak Joyned Coffers....it has three carved panels to the front with decorative foliate design,...also nice to have a planked top, so you can easily display items on the lid..... joined leaf pattern carved top rail...original wire hinges, original candle box and no replaced panels....it has gained a very good colour and being of a useful size, but not too big it is as good as they come from this early age...! English. C1640-60.
